NOTES:

1. Commerce Faculty figures in Table A 2 includes those students registered in Computer Science majors in a Bachelor of Commerce degree at Loyola.
2. Engineering Faculty figures in Table A 3 includes those students registered in the Computer Science degree programme at Sir George Williams.
3. Loyola Faculty of Arts and Science includes those students registered in the Computer Science major in the Bachelor of Science degree.
4. The breakdown of the Sir George Williams component of Concordia University in Table B is by degree programme.
5. The breakdown of the Loyola component of Concordia University in Table C is by degree programme.
6. Independent, Graduate Independent, and Continuing Education are listed under Concordia totals only.

7. With the development of the new cumulative record it is possible to classify students by credit to completion in any particular degree or programme. Consequently, for comparative purposes, the actual 1976/77 enrollments are reported in both the old and new methods of classification.

a) Old Method

- i) Full Time Extended Programme -30 to 6 credits (-5 to 2 courses)
University 1 13 to 54 credits (2½ to 7 courses)
University 2 55 to 72 credits (7½ to 12 courses)
University 3 73 to 90 credits (12½ to 15 courses)
- ii) Part Time Extended Programme -30 to 6 credits
University 1 7 to 36 credits
University 2 37 to 66 credits
University 3 67 to 90 credits

The exact procedure was to classify students into the year in which they had registered for the majority of their courses at the "credit break point level".

It was impossible to apply this rule in a precise manner therefore, for these statistic students were classified in the lower year if they registered for six credits above the "credit break point".

b) New Method

Full Time and Part Time

Extended Programme	90-	credits to completion
University 1	60 to 89	credits to completion
University 2	30 to 59	credits to completion
University 3	0 to 29	credits to completion

In this system students registered in certificate programmes are classified in University 3 as they have between 0 to 29 credits to complete the requirements for a certificate.
